Dr. LANKAPALLI BULLAYYA COLLEGE VISAKHAPATNAM

## **Acknowledgements**

This project on the analysis of 'social media' has been Completed with the invaluable support of many individuals and institutions.

I am deeply grateful to my academic advisor, for their expert guidance and constructive feedback, which were essential in shaping this research. I also extend my thanks to the faculty of the computer science at findhea University for providing the foundational knowledge that guided this work.

Special thanks to APSCHE for supplying the critical dataset that underpinned this analysis and to smart bridge for their assistance with data management and visualization which were key to presenting the finding effectively.

Finally. I appreciate the help from the librarions and administrative staff at A-U in accessing necessary resources.

Thank you to everyone who Contributed to the success of this project.

#### 1. EXECUTIVE SUHHARY:

Decription of the sector of business intern organization-

Smart brige operators in the data analytics sector providing innovative solutions to enhance business intelligence.

The organization leverages power with actionable insights enabling data driven decision making.

## learning objectives and outcomes:

- J. understand power BI
- 3]. Data modeling
- 31. proficiency in power BI tools
- भी. Data cleaning and transformations
- 5]. Data visualization
- 5. Report Design and shaving

# Summary of Internship Activities:

- IJ. Attending live training sessions and projects and mentoring sessions.
- 2]. Selection of topic. Analysis of social media and gathering cleaning and the analyzing is related datasets in excel.

- 3]. Team formation and assignment of tasks to report on project using power BI.
- मु. Designing developing interactive dashboxads, story, report on project using the power BI
- 3. Drafting a project video demonstration and preparation of final report.

# 2. OVERVIEW OF THE ORGANIZATION:

Smart Bridge is a platform that offers virtual internship to the students. The platforms goal is the prepare students for the Job market by establishing a cooperative relationship between industry Academic. Smart Bridge partners with Companies such as google to offer virtual internships. The such as the Internship provide students with hands on experience with the latest technologys and enable project based learning. Smart Bridge Flagship event is the summer internship program. The program develops students skills in emerging technologies.

2). Machine learning and 3). Internet of things.

## Organizations objective:

Smart Bridge main objective is to bridge the existing gaps between prevailing industry standards and what the academics offers to the graduates while passing out of university. Smart Bridge offers suitable skills developments training to the young talent before on boarding their first Job.

Their skill development programs are designed

Considering the present in demand skills in the industing. We theory work along the line to offer best programs that helps the students to gain praticals knowledge and hands on training to learn skills of these future.

Therefore the main objectives of smoot brige is the proding approved professional electives become a talent factors of india by 2026.

# 3. INTERNSHIP PART :-

During my intership at APSCHE my activities and responsibles inculuded.
